RESOLUTION NO. 15-91

Congress recently passed legislation requiring the States of California, Arizona, New Mexico, and Texas to set aside 10% of their 1991 Community Development Block Grant (CDBG) funds to assist colonias as defined in the Cranston-Gonzales National Affordable Housing Act of 1990.

WHEREAS, the Arizona Department of Commerce (ADOC) is proposing to meet this requirement by setting aside 10% of the State allocation and having all unapplied for funds revert automatically to the State Special Projects Account, and

WHEREAS, no "colonias" exist in Arizona by definition, all set-aside funds would thus automatically revert to the State Special Projects Account and, therefore, decrease the Northern Arizona Council of Governments' (NACOG) allocation by 10%, and

WHEREAS, all 1991 NACOG funding allocations are in place and all applications have been submitted to the State for Processing without provisions for a 10% shortfall, and

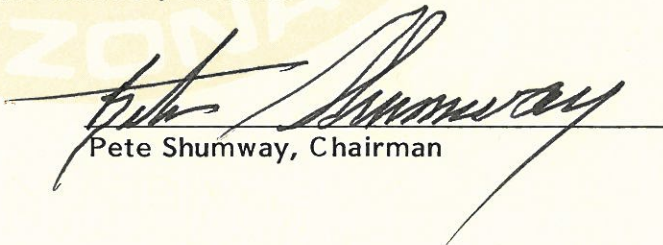

WHEREAS, the reduction in funds available to NACOG will result in a \$27,890 decrease in Navajo County's 1991 CDBG grant, and

WHEREAS, a change in the regional allocation by this proposal could not only jeopardize some of the submitted projects, but also unnecessarily delay the administrative contracting process, and

WHEREAS, several alternatives exist for meeting the federal requirement that do not require a reduction to the NACOG regional allocation and Navajo County's 1991 CDBG grant.

NOW, THEREFORE, BE IT RESOLVED that Navajo County does not support the proposal to revert the "colonias" set-aside to the State Special Project Account or any proposal that would effectively reduce the NACOG allocation to satisfy this Federal requirement.

PASSED this 11th day of March, 1991, in Holbrook, Arizona.
